Late cummers: Dog Woody, Just Joseph, Flash in the Pants, SCUM,

What is Drinking Practice?

Where we practise drinking and chat about hash related topics

1) Minutes from our mismanagement meetings and drinking practice can be found on zh3 website (www.zh3.ch). The hash float is always featured in the minutes from the Mismanagement Meeting.

2) Quick roles overview - GM, RA, hash cash, Hare Raiser, Biermeister, Haberdasher, Web Slave.

3) Quick events overview - Thanksgiving, Bierathlon, Winterfest (the venue is heated and Wet and Ready is cooking). Sola. (discussion of 2 teams for definite and will be signed up before 1 dec) Shout out to the Bitch from LIDU and Shamcock to drum up more hashers. We will decide on the third team at next committee meeting and feedback to Drinking Practice.

4) Feedback on beer raising so far

Question raised: Is it cost effective? Yes it is because MeMe brings a pack each time and this counteracts the amount spent by the other beer bringers. This makes it cost effective.

MeMe to amend his online shout out for snacks. People need to be encouraged to bring own vessels.

People to be mindful of how much they spend on beer and snacks. Less spent on snacks is agreed by all and point made that more should then be eaten at the On Inn

Conclude: beer raising going well.

5) New haberdasher designs

Haberdashers to order Zurich blue t-shirts from Decathlon for 4CHF each

Discussion about costs of t-shirts and finding ones which are better quality and don't cost an arm and a leg.

Shiggy socks to be ordered Run for beer. Run now and wine later.

5a) Hare shirts - carrot patches for the shirts to be put on the 10 shirts (tshirt design to be sorted out later). SC and Schoggi to work with FRwC on this. One size fits all. Minimum order to be checked out. MeMe to speak to ButhisNut about collectively ordering socks.

6) Help with bierathlon? Please see Slippery. He needs at least one person to help him at 11am on the 2nd of December. Note: German Speaker required/greatly preferred.

7) Attendance stats - SD will write it down and photo it and send it to LIDU who will then digitise. Take earlier stats from meetup.

MMC to decide on anniversary hash rewards. Initially a simple "Anniversary Down-Down".

Anything beyond a simple Anniversary Down-Down to be discussed by MMC.

AL to coordinate with LIDU on old spreadsheet.

8) Hares posting venue quicker - suggestion by Butt Bugger. Request to put general location rather than the actual venue.

Wholeheartedly supported by Beer Raiser as knowing venue allows people to confirm sooner than later for the purposes of purchasing and providing drinks/snacks etc.

Hare Raiser to whip the asses of the hares and spank a bit. Squatty Spanks.

9) Song prompt sheet.

Song prompt sheet introduced, tested and received well. 1st proper use, with printed copies on 9th Nov.

10) AOB - RBs - ask Climbidia once in a while.

Hashing in Luzern? BB to hare it.
